miles apart . . . Yet . . . they sit in conference by Telephone!

Conference telephone service makes it possible for as many as six people in different cities to talk things over on one telephone connection. It's as easy and convenient as if they were all seated together at the same table.

Any person can join in the discussion or ask questions while all the others hear the proceedings, and can also join in as though all were face to face. If executives wish to address large groups of employees in distant cities, Conference Service can be used and the message broadcast by means of loud speakers.

Should you wish to arrange for Conference Service we can make some worthwhile suggestions. Just ask the operator for the Business Office and a representative will call at your convenience.

FIRE POLICE AMBULANCE

1 **Dial or call the operator and say:** "I want to report a fire" or "I want a policeman" or "I want an ambulance." As an added safeguard against any mistake regarding the location of the emergency also give her the number of the telephone from which you are calling.

2 **Hold the line,** and the operator will connect you with the Fire or Police Department.

3 **If you must leave the telephone** before you get an answer, **be sure to tell the operator where help is needed.** She will summon help for you.

4 **To call the operator from a dial telephone,** remove the receiver from its holder, (from a coin telephone, deposit a coin), place your finger in the opening in the dial for the word "OPERATOR," pull the dial around until you strike the finger stop, and then release the dial.

TO TRANSACT BUSINESS BY TELEPHONE WITH THE COMPANY

To make arrangements for or to obtain information concerning new telephone service, dial 811 or ask the operator for the "Business Office."

To make it more convenient for you to transact business with the company, your telephone account is assigned to a particular representative in the Business Office whose responsibility it is to handle all matters relating to your telephone service such as changes in location, information regarding bills, directories, etc.

To reach your representative, dial 811 or ask the Operator for the "Business Office." When the Business Office operator answers, give her your telephone number and ask for the representative handling your account, as for example: "This is Main 4-9970. Please let me have my representative."

If you are not calling from a telephone within your own district, ask the operator for the Business Office telephone number associated with your central office as listed below.

If, after any matter has been taken up through the usual channels as indicated on page 1 under Service Calls, an unsatisfactory condition continues, please dial or call the operator, give her the Business Office telephone number for your central office, as listed below and ask for the Manager.

These offices are open from 9:00 A. M. to 5:00 P. M. except Saturday when they close at noon. During nights, Saturday afternoons, Sundays and holidays, requests for the immediate restoration of service, or for other similar matters, because of emergent conditions, may be made by dialing or calling EX change 6-5100 and asking for the Manager.

HOW TO USE THE DIAL TELEPHONE

Listening for Dial Tone

On all calls, remove the receiver from its holder and listen for dial tone before starting to dial. Dial tone is a steady humming sound in the receiver indicating that the line is ready for you to dial. In the event that you do not hear dial tone, replace the receiver on its holder and try again a little later.

Calls to Central Offices Which You Should Dial Direct

(Consult Pages 9 and 10 to determine which central offices you should dial direct.)

When you hear dial tone, keep the receiver off its holder and dial the first two letters of the central office name, then the office numeral, and then each figure of the line number. For example, if dialing PO [illegible] 9-9970.

(1) Place your finger in the opening in the dial for the letter P.

(2) Pull the dial around until you strike the finger stop.

(3) Remove your finger from the opening, and without touching the dial, allow it to return to its normal position.

(4) Proceed in the same way to dial the letter O (in black) and the figures 9—9-9-7 and 0 (in red).

If the number called has a party line letter, dial the number in the same way, followed by the letter at the end of the number.

If you make a mistake while dialing, replace the receiver on its holder, wait a few seconds, and make another attempt.

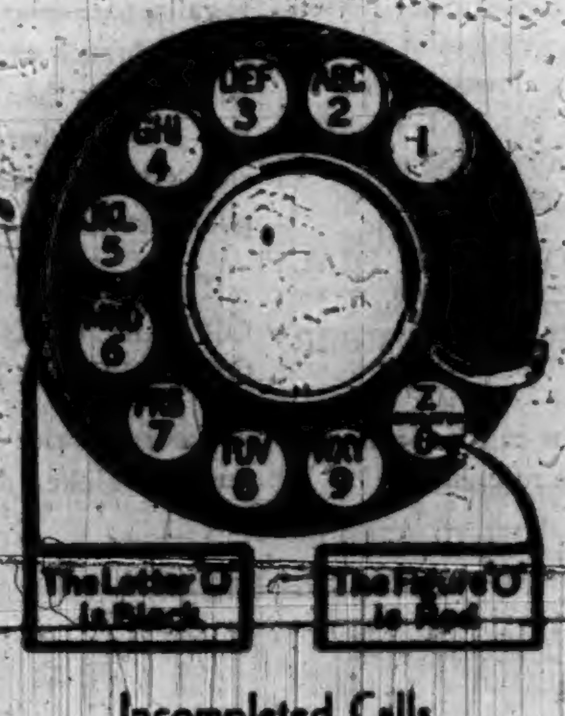
Before starting to dial a second call, always replace the receiver for a few seconds.

Signals for Which to Listen

Within a few seconds after you have completed dialing, you should hear either the ringing signal, an intermittent burr-rr-ing sound, or the busy signal, a rapid buzz-buzz-buzz.

If you hear an interrupted buzzing sound, as buzz-buzz—buzz-buzz, it indicates that you have dialed the central office designation incorrectly. Replace the receiver on its holder, wait a few seconds, and make another attempt, being careful to dial the central office designation correctly.

If you do not hear any signal within half a minute, replace the receiver, wait a few seconds and make another attempt.



Incompleted Calls

When, for any reason, you do not obtain a connection (for example, the called line is busy or does not answer), you will get quicker service if you replace the receiver on its holder and try the call again yourself at intervals instead of immediately calling the operator for assistance. No charge is made unless you obtain an answer from a subscriber's telephone.

Obtaining Assistance from the Operator

"In an emergency, or if you have trouble in dialing, or have occasion to report cases of service irregularities, you may call the operator for assistance by pulling the opening in the dial for the word 'OPERATOR' around to the finger stop, then allowing the dial to return to its normal position."

"When you have reached the operator, she may be recalled, in case it is necessary to do so, by depressing and releasing the movable part of the receiver holder slowly, a few times. This can be done only when you have dialed and reached the operator; on other dialed calls, moving the receiver holder will break the connection."

Calls from a Party Line or from a Line With an Extension Telephone

Always make sure that the line is not in use. If you do not hear the dial tone, inquire if the line is being held by some other person. If no response is received, replace the receiver on its holder for a few seconds and make another attempt.

Listen on the line while dialing, and if you hear another party come in on the line or hear successive clicks in the receiver, it indicates that someone else on your line is trying to call. Inform him that the line is in use and request him to replace his receiver. When he does so, replace your own receiver for a few seconds, and then remove it and dial the complete number again.

To call another party on your line, dial the operator, give her the number you wish to call, state that it is the number of another party on your line, and give her your number.

To call an extension telephone on your line, dial the operator, give her your number and ask her to ring the extension telephone.

Calls to Central Offices Which You Cannot Dial Direct

To place calls by number to central offices within New York City which you cannot dial direct, dial the operator and give her the number.

Directions for placing out-of-town calls are given on Page 4.

Dial Coin Telephones

The operation of dial coin telephones is quite similar to that described above. The main difference is that it is necessary to deposit a coin in order to obtain dial tone (indicating that the line is ready for you to dial). If you do not obtain an answer from a subscriber's telephone, your coin will be returned after you replace the receiver on its holder.

CALLS TO OUT-OF-TOWN POINTS, TO FOREIGN COUNTRIES, AND TO SHIPS AT SEA

To Out-of-Town Points

Station-to-Station Calls

Station-to-station calls are those on which you ask the operator for the desired telephone only, and not for a particular person nor for a particular private branch exchange extension station. These calls are handled more rapidly and at lower rates than person-to-person calls. Reduced rates are in effect to most points from 7:00 P. M. to 4:30 A. M. and all day Sunday. A charge is made if anyone at the called station answers.

TO MAKE A STATION-TO-STATION CALL, DIAL OR CALL THE OPERATOR AND GIVE HER THE NAME OF THE CITY AND TELEPHONE NUMBER YOU WISH TO REACH.

If you do not know the number, dial 411 or call Information. Make a note of telephone numbers for future reference.

Person-to-Person Calls

Person-to-person calls are those on which you ask the operator to call a particular person to the telephone or to reach a particular private branch exchange extension station. The rates are somewhat higher than station-to-station rates, but no charge other than a report charge is made, unless the desired person or extension station is reached. Reduced rates are in effect to most points from 7 P. M. to 4:30 A. M. and all day Sunday.

TO MAKE A PERSON-TO-PERSON CALL, DIAL 211 OR CALL LONG DISTANCE AND GIVE THE DETAILS OF THE CALL TO THE LONG DISTANCE OPERATOR.

Faster service will be obtained if you give the telephone number. Make a note of telephone numbers for future reference.

To Foreign Countries

From your telephone you may call practically all important cities in the British Isles and Europe, and many points in Africa, Asia, Australia, Central and South America, and Bermuda, Cuba, and several other island groups. Rates to certain overseas points are shown on Page 7.

Additional information may be secured or calls may be placed by dialing 211 or calling Long Distance.

To Ships at Sea

Calls may be made to and from certain ships while at sea and within calling range. The rate for an initial period of three minutes is $9.00 or $18.00 depending upon the location of the ship with which connection is made.

Additional information may be secured or calls may be placed by dialing 211 or calling Long Distance.

Collect Calls (Charges Reversed)

Upon request of the calling party and with the consent of the party answering the call, the charges on any out-of-town call may be billed to the called station. Reversing the charges does not affect the rates except that where the initial station-to-station rate is less than 20c, the person-to-person rate applies; where the initial station-to-station rate is 20c, the rate of 25c applies.

The time at the calling station governs the application of reduced rates on station-to-station collect calls.

A report charge will apply if the call is not completed because the called party refuses to accept the charges.

The reversal of charges is not permitted on calls to ships at sea nor on calls to foreign countries except Canada and Cuba.

Federal Tax

No tax applies to conversations for which the charge is less than 50c. The maximum tax on any conversation is 20c. Where the charge is 50c or more, but less than $1.00, the tax is 10c. Where the charge is $1.00 or more, but less than $2.00, the tax is 15c. Where the charge is $2.00 or more, the tax is 20c.

DIRECTORIES

We earnestly desire to have telephone number information available for your use in the form most satisfactory from your viewpoint. We aim to accomplish this through the provision of attractive booklets for listing telephone numbers, through the distribution of borough telephone directories, and by means of Information service. We wish, however, to avoid furnishing more telephone directories than are needed as this not only results in inconvenience to our customers but is wasteful as well.

The maximum of convenience is secured through the maintenance of up-to-date personal lists of telephone numbers which you have occasion to call. Under this plan, the lists can be kept immediately at hand and the majority of desired telephone numbers can be ascertained with the least difficulty.

In order to meet your requirements, we shall be glad to furnish you with attractive booklets for use in preparing personal lists of telephone numbers or with any borough directory you may require upon application to any of our Business Offices listed on page 2.

Every effort is made to make the directory as accurate as possible. Sometimes, however, despite this care and attention, errors occur. Please check your listing and if it is incorrect, call the Business Office promptly.

The Company assumes no liability for damages arising from errors or omissions in the making up or printing of its directories, except in the case of charge listings in connection with which its liability shall be limited to a refund at the monthly rate for each listing for the time an error or omission continues.

Telephone directories containing the listings of subscribers within a specified area issued from time to time by the Company are and remain the property of the Company. They shall not be mutilated and shall be surrendered to the carrier who delivers the subsequent issue. No foreign or privately owned binder, holder, or auxiliary cover bearing advertisements shall be used in connection with any telephone directory furnished by the Company.

HOW TO USE THE DIRECTORY

Arrangement of Listings

A telephone directory listing is alphabetized in accordance with the sequence of the letters in each part of the listing, considering each word with the next word as to every letter it contains. The parts of the listings are considered in the following order:

1. Surname (or proper name)
2. First given name or initial (or equivalent of either)
3. Second given name or initial (and other given name, if any)
4. Title (if any)
5. Designation (if any)
6. Street name (or equivalent)
7. Building number

Abbreviations

Such abbreviations as Chas., Co., Geo., Jas., St. (Saint), Wm., etc., are placed in the same alphabetical sequence as though spelled out in full.

Apostrophe, Hyphen and Ampersand

Apostrophes, hyphens and ampersands (&) are disregarded in alphabetizing, and names containing these symbols are listed as though the symbols were not shown.

Names With Prefixes

Names beginning with "M," "Mac," or "Mc," or with prefixes, such as D', De, Fitz, L', O', St. (Saint), etc., are treated as one word without regard to capitalization or apostrophe.

Single Letters Used as Names

Single letters used as names are treated as words and are listed before the names beginning with that letter.

Same Names Spelled Both as One Word and as Two or More Words

Names which are known to be spelled locally both as one word and as two or more words are treated as one word in determining the precedence of listings. In such cases a cross reference is placed where the listings would appear if treated as two or more words.

CLASSIFIED TELEPHONE DIRECTORY (THE RED BOOK)

The Classified Telephone Directory (The Red Book) contains the name of every business subscriber listed under a classified heading which is descriptive of his business. This directory serves as a buyer's guide and also as a telephone number finding list.

If you wish to purchase an article or service, look for the heading descriptive of the article or service you have in mind and select the firm you want to deal with from the associated listings and advertisements. If you are looking for the telephone number of a person or firm and you know the profession or business, you can find it easily in the Classified Telephone Directory, under the heading descriptive of the profession or business. You will find an index of classified headings at the front of the Classified Directory.

SPECIAL SERVICES

Time of Day Information

The correct time may be obtained by dialing or calling MEridian 7-1212. This information is available at any time of the day or night and is provided as an accommodation at a small charge as follows:

When the call is made from a message rate telephone the charge is one local message.

When the call is made from a flat rate telephone, or from a coin telephone or non-coin public telephone, the charge is five cents.

Telegrams by Telephone

You may telephone telegrams, cablegrams or radiograms to the Postal Telegraph-Cable Company or the Western Union Telegraph Company. The telegraph charges will appear on your monthly telephone bill.

You may also telephone your telegrams from public and semi-public coin telephones and deposit the charges for such messages in the coin telephone. When calling either of these telegraph companies follow the instructions shown under its listing in this directory.

Conference Telephone Service

A number of individuals in the same or in different cities can be brought together by telephone for simultaneous discussion. To place a conference call or to secure rate or other information regarding this service, just call Long Distance and ask for the Conference Operator.

Normally, no difficulty or delay will be experienced in securing a conference connection. However, such calls involve the use of equipment designed especially for rendering this service and, if planning a conference in advance, customers are urged to ascertain that the necessary facilities will be available. This may be done by calling the Business Office or the Long Distance Conference Operator.

Teletypewriter Service

Typing by wire is offered for any number of minutes and to any city in the United States. Subscribers to this service can typewrite by wire instantly to each other at any time. The service provides two-way communication with a speed of connection comparable with telephone service. One or more copies may be produced simultaneously by both sending and receiving machines and the material may be recorded on forms if desired. Teletypewriters can be operated by anyone who can operate a typewriter. For further information dial 811 or ask the operator for the "Business Office."

Equipment for Persons With Impaired Hearing

Equipment permitting amplification of the voice as heard in the receiver, is offered for home or office use of telephone customers having impaired hearing. For further information dial 811 or ask the operator for "Business Office." This equipment is available to all customers in Brooklyn at the following attended public telephone locations:

Long Island R. R. Term. . Flatbush Ave.
Supreme Court Bldg. . . . . Joralemon St.

GENERAL INFORMATION

Overtime Charges

Although it is not the Company's general practice to time all calls from message rate telephones on which the initial period charge is one local message, overtime charges will be applied wherever such calls are found materially to exceed five minutes in duration.

Displaying Telephone Numbers

If you display your telephone number on stationery, vehicles, or in other ways, it is important that it be kept currently correct. Changes may become necessary from time to time, and failure to make corrections may affect your service as well as the service of those who desire to call you.

Identification of Employees

Every employee of the Telephone Company authorized to install, inspect, repair or remove the Company's apparatus carries a metal badge showing the Company's name and his own number. Subscribers are earnestly requested to refuse access to their premises to anyone who cannot in this way identify himself.

Attachments

The Company's tariff provides that no apparatus or appliance not furnished by the Company shall be attached to or used in connection with its facilities. Telephone instruments are designed to produce the best results. Many of the unauthorized devices offered for sale, which are claimed to improve the service, get the telephone lines and instruments out of order and, to protect its service, the Company will be compelled to remove any such device. Where ordinary apparatus does not adequately meet a particular set of conditions, special equipment will be furnished by the Company at reasonable rates.

Injuring Telephone Property

A person who wilfully or maliciously displaces, removes, injures, or destroys: a line of telegraph or telephone, wire or cable, pier or abutment, or the material or property belonging thereto, without lawful authority, or who shall unlawfully and wilfully cut, break, tap, or make connection with any telegraph or telephone line, wire, cable or instrument, or read or copy in any unauthorized manner any message, communication or report passing over it, in this state; or who shall wilfully prevent, obstruct or delay, by any means or contrivance whatsoever the sending, transmission, conveyance or delivery, in this state of any authorized message, communication or report by or through any telegraph or telephone line, wire or cable, under the control of any telegraph or telephone company doing business in this state; or who shall aid, agree with, employ or conspire with any person or persons to unlawfully do, or permit or cause to be done, any of the acts hereinbefore mentioned, or who shall occupy, use a line, or shall knowingly permit another to occupy, use a line, a room, table, establishment or apparatus to unlawfully do or cause to be done any of the acts hereinbefore mentioned, * * * is punishable by imprisonment for not more than two years.

—Extract from Section 1423 of the Penal Law.

Privacy of Telephone Service

A person who wrongfully obtains, or attempts to obtain, any knowledge of a telegraphic or telephonic message by connivance with a clerk, operator, messenger or other employee of a telegraph or telephone company, or being such clerk, operator, messenger or other employee, wilfully divulges to anyone but the persons for whom it was intended, the contents or the nature thereof of a telegraphic or telephonic message or dispatch intrusted to him for the transmission or delivery, or of which contents he may in any manner become possessed, * * * is punishable by a fine of not more than one thousand dollars or by imprisonment for not more than two years, or by both, such fine and imprisonment.

—Extract from Section 552 of the Penal Law, Chapter 40 of the Consolidated Laws.

Obstructing Coin Telephones

It is provided by the Penal Law as amended March 24, 1933, that any person who shall prevent or contrive to prevent the return of coins to the users of coin telephones, or cause such coins to be unlawfully returned, or who shall by any device or means interfere with the action or operation of such coin telephones, shall be guilty of a misdemeanor. (Penal Law, Section 1432-a.)

RATES FROM BROOKLYN TO CERTAIN OUT-OF-TOWN POINTS

Rates shown are for a three minutes' initial period and are subject to change without notice. The time at the calling point governs the application of reduced rates.

NOTE: A federal tax applies on calls for which the total charge is 50c or more. For further information, see page 4.

HOW TO DETERMINE THE CHARGE FOR CALLS BETWEEN POINTS WITHIN NEW YORK CITY

(All charges shown are subject to change without notice.)

If you are calling from the Bronx, Manhattan, Queens or Richmond (Staten Island), consult the Directory for that Borough.

1st Find out in what zones the telephone from which you are calling and the telephone which you desire to call are located by consulting Table C on page 10.

2nd Determine the charge which will apply by consulting the tables below, Table A for message rate subscribers and Table B for flat rate subscribers and coin telephone and non-coin public telephone users.

NOTE—You should dial direct on the following types of calls: Calls from flat rate telephones in Applegate 7, Coney Island 6, Esplanade 2, Foxcroft 9, Glenmore 5, Mansfield 6, Mayflower 9, and Shore Road 5 to points within the local service area; calls from all other flat rate telephones to any point in New York City; calls from message rate telephones in Esplanade 7, Nightingale 4 and Skidmore 4 to any point in New York City; calls from all other message rate telephones on which the charge is one message unit; and calls from coin telephones on which the rate is 5c.

On all other calls from dial telephones to central offices in New York City, dial the operator and give her the number.

TABLE A—Message Rate Telephones

CALLS FROM ZONE	TO ZONE	ARE CHARGED AS

‡ Between 4:30 A.M. and 7:00 P.M. † On messenger calls the cost of the messenger is added to the charge for the call.

* Between 7:00 P.M. and 4:30 A.M. and all day Sunday. The time at the calling point governs the application of reduced rates. Reduced rates do not apply on calls to ships at sea nor to foreign countries except Canada and certain overseas points. For reduced rates to overseas points see Page 7. Between May 25th and September 10th inclusive reduced rates apply only from 4:30 A.M. Sunday to 4:30 A.M. Monday on calls to certain season resorts in New York State (See Page 7).

All rates are for a 3 minute initial period except station-to-station rates of 25c or less which are for a 5 minute initial period.

In cases not covered by the above table, night and Sunday station-to-station rates can be obtained from the operator and person-to-person rates, etc., can be obtained from Long Distance.
